Background

- The Council of Europe Development Bank (CEB) is the only Multilateral Development Bank with an exclusively social mandate and has a strong track record of promoting social investments across Europe. The pioneering issuer has been issuing Social Inclusion Bonds since 2017 and this Social Inclusion Bond represent the seventh such benchmark from the borrower.
- The CEB’s Social Inclusion Bond framework (April 2020) is in full alignment with the Social Bond Principles (ICMA). In line with the issuer’s framework, proceeds to this new Social Inclusion Bond will be used for eligible loans in one or several of the following categories:
  - Social Housing
  - Education
  - Support to MSMEs
  - Healthcare (this category was added in the framework update in April 2020)
- With strong momentum over the past 18 months against the backdrop of the ongoing COVID-19 pandemic, following this issue the cumulative volume raised from CEB’s Social Inclusion Bonds has now reached nearly EUR 4bn since the programme’s establishment in 2017. In March 2021, the issuer published its report on the COVID_19 Response Social Inclusion Bonds that were issued in 2020 (EUR1bn 7-year in April 2020 and USD 500mn 3-year in June 2020). The Allocation of the proceeds of both bonds reflected the emphasis on lending to healthcare and MSMEs in the context of the challenges posed by the COVID-19 pandemic. The report can be found under: https://coebank.org/documents/1023/CEB_2020_Social_Inclusion_Bond_Report.pdf
- In April 2021, continuing the success of Social Inclusion Bond programme CEB issued a new EUR500m million 7-year Social Inclusion Bond.
