2	<p>Contract Notice, Article 2. Pre-Qualification Criteria, Page 7, Lot 2, Prequalification sub-criteria 3 & 4 "Minimum 4 designs of building construction projects over the last 10 years of a value of at least 600 000 EUR (value of services provided) AND Minimum 4 supervision of building construction projects over the last 10 years of a value of at least 2 000 000 EUR (value of services provided)" & "Minimum 7 design services for building construction in Turkey AND Minimum 7 supervision services in Turkey finalized during the last 7 years"</p> <p>Question: Can the references given for subcriteria 2 be presented for subcriteria 3 as well?</p>	<p>Yes, you can present the same projects</p>
3	<p>Contract Notice, 1.5 Provisional timetable Deadline for expressions of interest 31 May 2021, noon Question: We are a Turkish company. There has been a lockdown between 30 April and 17 May due to Covid cases in Turkey which caused a considerable man-hour loss, is it possible to extend the deadline for expression of interest to 14 June?</p>	<p>Deadline for submission of Expression of Interest will be extended until 14 June 2021, noon. As soon as the corrigendum is published in OJEU you will get official notification on the deadline extension.</p>
4	<p>Pre-qualification Criteria for lot-2; "Minimum 4 designs of building construction projects over the last 10 years of a value of at least 600.000 EUR (value of services provided) AND Minimum 4 supervision of building construction projects over the last 10 years of a value of at least 2.000.000 EUR (value of services provided)" Depend on these questions we will form our associations accordingly. Should the projects be completed? Or the proportion of the completed section of the on-going contract valid? For example: o a contract of 5.000.000 Euro supervision contract; with a progress of 40 percent or more proven by payment certificates o a design contract of 1.000.000 Euro; with a progress of 60 percent or more proven by payment certificates <i>(the above contract amounts, and the percentages can be more or less. So it is just an indicative example</i></p>	<p>Only completed projects are eligible.</p>
5	<p>Is any type of building construction projects valid or not? Or just a similar project such as health care building such as hospitals, polyclinics, pharmacy buildings, etc. will be valid. Could you please clarify the similar projects, and the building construction projects?</p>	<p>References of all types of building projects are eligible</p>
6	<p>In Turkey, some of the institutions made a tender mostly based for housing units of 3000-10.000 units; almost 1.000.000 m2 of packages including also hospital where the total closed area of hospital is less than the %10 percent of the overall construction packages, only 2-3 staff is specifically responsible for the supervision. Briefly, not a specific focus of only one contract for the hospital buildings, is this experience valid for "similar project experiences"?</p>	<p>References of all types of building projects are eligible</p>
7	<p>Is retrofitting, renovation or energy retrofitting experience of the building projects valid or not?</p>	<p>Yes, such contracts are deemed eligible</p>
8	<p>Is retrofitting, renovation or energy retrofitting experience of the hospital projects valid or not?</p>	<p>Yes, such contracts are deemed eligible</p>
9	<p>"Projects related to procurement Minimum 1 project in the last 5 years where procurement strategies and documentation and procurement management systems constituted at least 25% of the tasks". Can this project be any type of projects? Such as infrastructure; water, environment, roads and highways etc.? Or should it be building project or just a hospital project?</p>	<p>References for all types of projects are eligible.</p>
10	<p>In the prequalification Sub-criteria No. 3 for Lot-2 it is said: "Projects in the fields related to this contract".</p>
