

HOUSING AND EMPOWERMENT FOR ROMA (HERO) PILOT PROJECT

n°	Question	Answer
1	<p>According to the preliminary research, there are approximately 60 municipalities showed interest to be part of the project but in the later phases of the project it might turn out that only a few of them could be involved in the project. The municipalities with the best prospects for the project implementation will be included in the proposal, but during the duration of the project, changes are possible. Is it possible to change municipalities proposed in the application during the implementation of the project and inform CEB of this amendment in advance?</p>	<p>In your proposal to be submitted to the CEB, please state this possibility of potential changes in the names and number of municipalities and provide an explanation as to why such changes are anticipated to occur during the implementation of the project. Please also indicate a minimum and maximum number of municipalities in which the project will take place. Any changes to the contents of the proposal during project implementation, including names and number of municipalities, will have to be communicated to the CEB for CEB's no-objection which will be done in consultation with the European Commission.</p>
