**Article 15 - Enquiries and complaints procedure**

1. Unsuccessful applicants can request an explanation on the reasons for rejection from the contact point indicated in the notification letter. The explanation will be provided in written format.

2. If the applicant is not satisfied with the given answer and believes that there have been shortcomings in the handling of its proposal, and that these shortcomings have jeopardized the outcome of the evaluation process, the applicant may submit a written complaint within ten (10) calendar days after receiving the answer to the inquiry referred to under Article 15.1. The complaint shall indicate the reference of the call, the identification number of the proposal and shall be duly substantiated.

It shall provide opinions on the implementation of the evaluation process on the basis of all the available information related to the application and its evaluation. The Review Board shall not evaluate the proposal but shall ensure a coherent interpretation of exclusion, eligibility and award criteria as well as equal treatment of applicants. If the Review Board considers that there has been a failing in the assessment of the exclusion or eligibility criteria or in the evaluation process that is likely to have jeopardized the decision not to fund the proposal, it may recommend a re-evaluation of the proposal by the Evaluation Committee which should be made aware of the initial evaluation’s shortcomings. The opinion of the Review Board and, where relevant, the results of re-evaluation by the Evaluation Committee shall be submitted to the competent Director who shall decide on the appropriate means of redress.

7. The decision of the Director shall be notified to the complainant.

**Article 16 – Allegations of fraud, corruption or misconduct**
