The project was funded by CEB and it was implemented by Sofia Municipality. We need this information to include it in the proposal as the past project that is linked to our current application. Alternatively, could we not implement specific information about it and still be eligible to apply?</p>	<p>Please find below a brief description of the project. More information could be provided by the Sofia Municipality:</p> <p>The project, sponsored by the Municipality of Sofia, was the first pilot project of an ongoing municipal programme aimed at the fight against exclusion, the integration of Roma citizens within the national community and the reinforcement of social cohesion.</p> <p>The project is an integrated scheme, with the goal to generate positive change in cultural and social attitudes towards Bulgarian Roma through the</p>

Project activities include construction of new homes, rehabilitation of the existing housing stock and improvements to the basic neighbourhood infrastructure.</p> <p>The last question is not clear. Could you please rephrase the text?</p>
